GET YOUR TEAM WORKING TOGETHER IN OUR RICHMOND INDOOR ESCAPE ROOMS.

We all want our teams to work efficiently and effectively with each other. What is the best way to achieve this as a manager or business owner?

We have been watching group after group run through our Melbourne escape rooms and have noticed the pride people have in solving puzzles as a team.

We also know that in the modern workplace most jobs require creative problem solving, have tight deadlines are no longer process driven. When you put these two ideas together you realise an escape room is an ideal place to get your team working together in harmony.

An escape room is a fun puzzle game for up to 6 people. Your team is placed in a room to solve a series of puzzles to escape within the one hour time limit.

Our rooms are themed to an immersive story to give your escape authenticity.
